

White Hall

challenge. Learn. Achieve.

INSET DAYS AT WHITEHALL

We can offer you a bespoke INSET day for your school with a difference.

This could be at your own school, another venue of your choice or at White Hall Centre, just outside of Buxton in The Peak District. This might be a team building day, an activity day, part activity day and part for you to deliver what you want in our warm and comfortable centre, or to hire the centre facilities as a base for your own day. We can work with an individual school or a cluster of schools.

Here are some of the INSET days that we have delivered to schools:

- Map reading and orienteering - to give you the knowledge and confidence to deliver these at school. We can help you design an orienteering course in your own school grounds or other venue of your choosing.
- PSHE –using team building and problem solving.
- Team building for staff.
