- ▶ I will learn lots of different skills, this may include fire lighting
- ▶ If I don't feel comfortable lighting a fire, then I can tell my instructor
- ▶ If I manage to light a fire, I will smell the smoke coming and feel the heat
- ▶ I must always keep away from the fire unless my instructor tells me

Bushcraft

- During my session I will feel different textures, like sticks, branches and cotton wool. I might get sticky fingers if we get to make some food
- I will also smell different things I may not have smelt before

Bushcraft

► I might get to cook some food over the fire, like marshmallows or popcorn

Bushcraft
